

The first Sunday in March saw a pre-season friendly between two of our teams who are looking forward to what we hope will be a successful summer. Tim Aston's Hardy A team took on Phil Purvis' Millennium League side. Both sides featured a number of new faces playing alongside a number of experienced campaigners.

The format that both sides play against other clubs is singles match play. However, for this friendly the teams played a fourball better ball match to enable as many of the two squads to show off their skills.

The Millennium League side had something of a wake up call as the lower handicap side won all but one of the matches. Although a little chilly, the weather was fine and everyone enjoyed the day.

Below are some photographs taken of the payers in action around the course.
